NYinLA

An Urban Backlot Built for Versatility

Create an authentic cityscape without leaving the FOX Studio Lot. NYinLA features brownstones, storefronts, an iconic alley, subway entrance, working traffic light and practical interiors including a diner, apartment and flexible Set 88. Designed for productions of every era and genre, the backlot's permanent rigging supports efficient day-for-night shooting, while detailed set decoration and adaptable spaces help reduce set-dressing, background and other production costs.

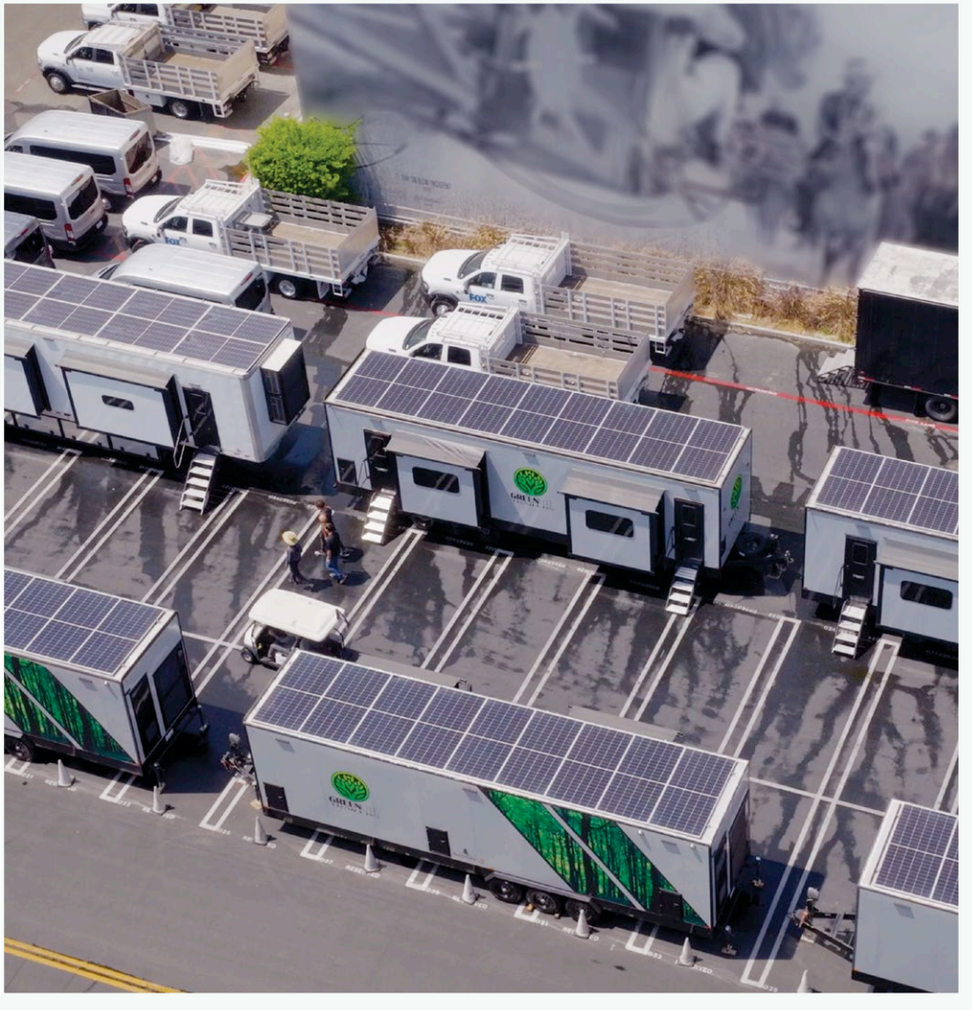

Basecamp

The Westside's Premier Location

Make the FOX Studio Lot your production's secure, centrally located basecamp. With ample space for crew parking, equipment storage and production vehicles, the gated studio environment offers convenient access to locations throughout Los Angeles, along with essential amenities and a dedicated FOX team ready to support your operation. Flexible, efficient and production-friendly, FOX helps keep your team moving—and your schedule and budget on track.

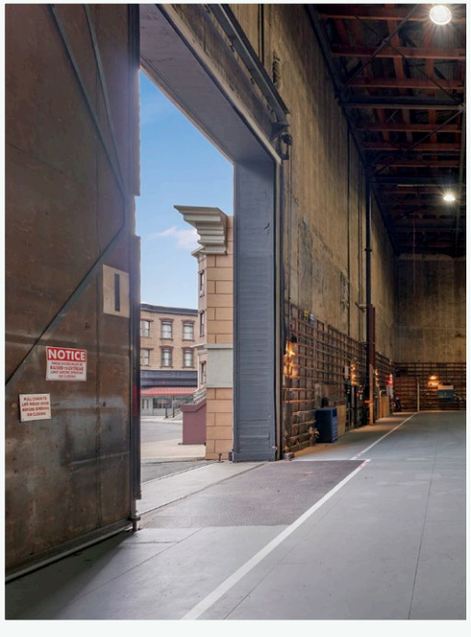

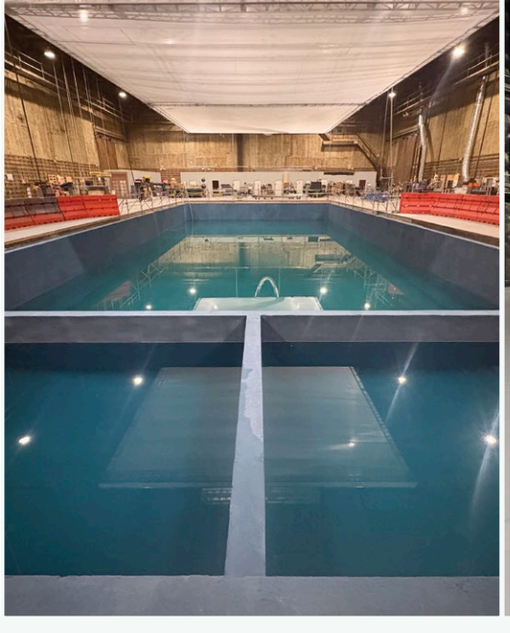

Historic Stages

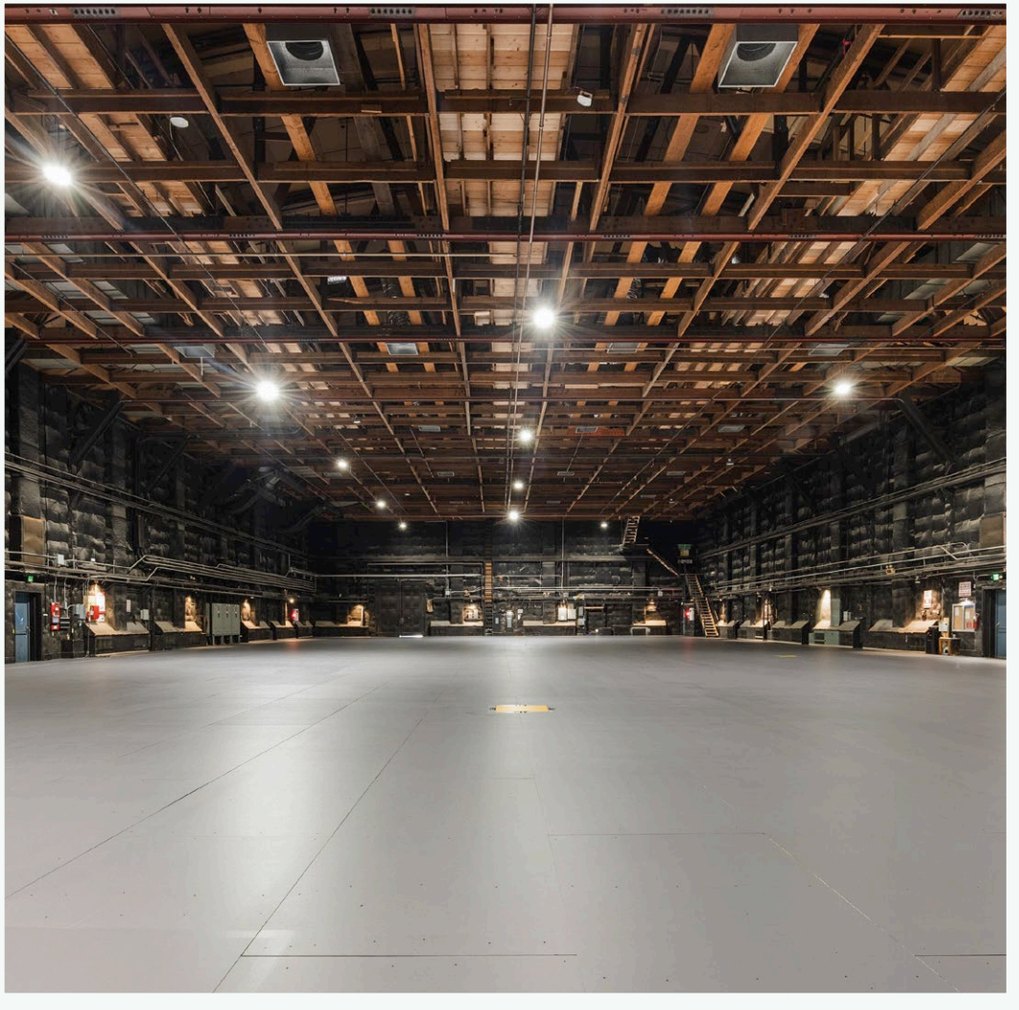

Complete Production Support

Bring your next production to the FOX Studio Lot, home to 15 historic sound stages totaling 333,917 square feet, with stages ranging from approximately 14,000 to 28,274 square feet, including four audience-rated stages. The lot also features a 500,000-gallon tank on Stage 16. From prep through wrap, FOX offers the space, infrastructure and experienced team to keep your production moving efficiently.

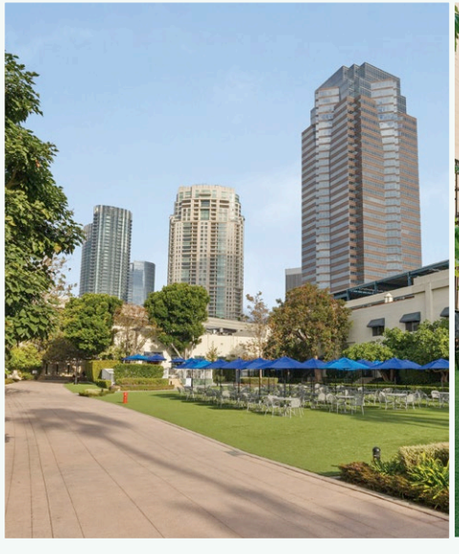

Exterior Locations

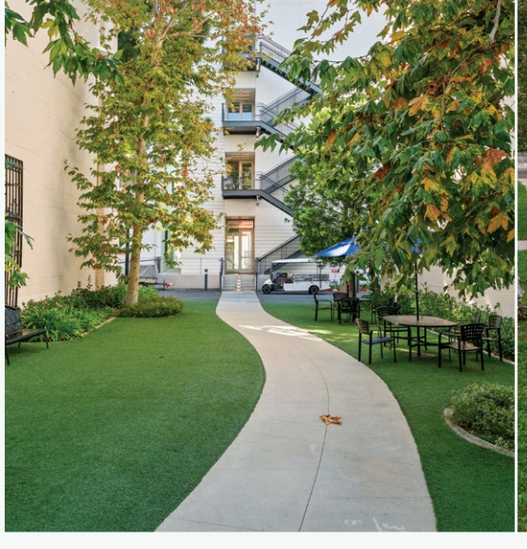

Endless Possibilities

The FOX Studio Lot offers a diverse collection of exterior locations for film, television, music videos, fashion shoots and commercials. Create pivotal scenes across park-like lawns, green spaces, farmers markets, gazebos, residential streets, industrial and French alleys, rooftops, theaters, staircases, parking lots and parking structures for dynamic driving sequences. With on-lot restaurants, cafés, a gym and comprehensive production support, FOX gives productions the flexibility to maximize every shooting opportunity.

Production Services

Come for the Production. Stay for the People.

At the FOX Studio Lot, our Production Services team supports storytellers and production teams from concept through completion. Anchored by a historic Los Angeles studio campus, iconic backlot environments and experienced industry professionals, FOX provides specialized support across every phase of production.

Client service is at the heart of everything we do. At the FOX Studio Lot, each production is assigned a dedicated Stage Manager who provides personalized white-glove service, anticipating needs, solving problems, and coordinating support. Working closely with our specialized departments, our team is committed to making your time on the lot efficient, enjoyable, and memorable.

Paint Department

FOX Studio Lot Paint provides professional color matching, custom mixing and specialized paint services for features, television, commercials, music videos and productions of every size. Our experienced team delivers hand-painted faux finishes, aging, marbleizing and precision spray-booth work, supported by an extensive inventory of paints, stains, finishes and production supplies.

Sign Shop

FOX Studio Lot Sign Shop brings creative concepts to life for film, television, commercials, music videos and special events. Our services include graphic design, digital printing, vinyl cutting, hand-painted and dimensional lettering, custom banners, plaques, floor graphics, standees, labels, stickers and ADA-compliant signage with Braille capabilities.

Production Services

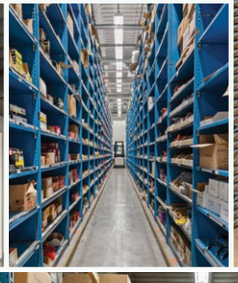

Best-in-Class, Built Around You.

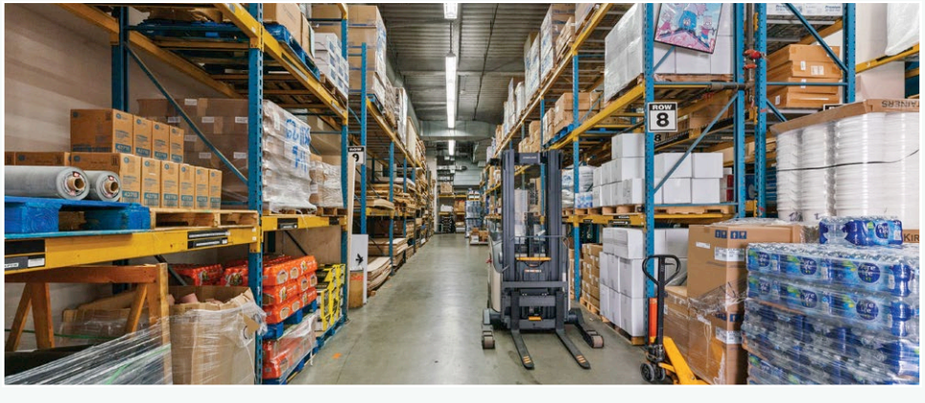

Studio Supply

FOX Studio Supply is Los Angeles' only production expendables superstore, offering everything from construction lumber, fasteners and hardware to sound, camera, grip, rigging, lighting, electrical and safety supplies. With convenient on-site inventory, high-volume pricing and lumber dropship options, we help productions get what they need, when they need it.

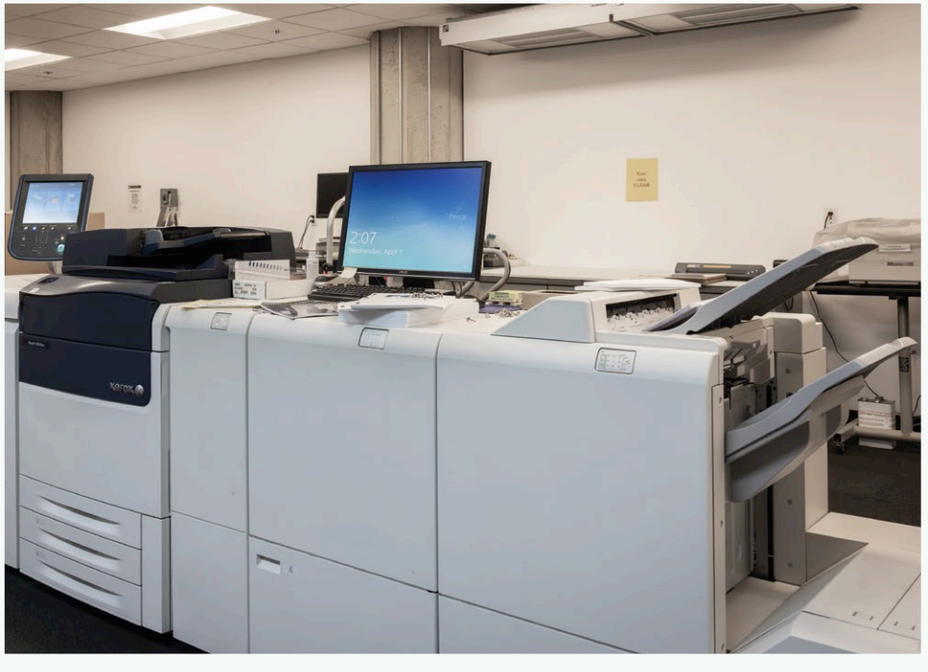

Print Services

FOX Studio Lot Print Services delivers high-quality, efficient printing and production support for projects of every size. Our capabilities include design, composition, wide-format printing up to 44 inches, scanning, digital color and black-and-white printing, and domestic and international air freight shipping–with fast turnaround, competitive pricing and dependable service.
